Reporte 2 Sonarqube

1) Bugs.

Unexpected missing generic font family

| Where is the issue? | Why is this an issue? |

portales-frontend_theme-fr-porvenir-web-theme-javascript_porvenir-web-theme   src/main/webapp/css/libraries/swiper/swiper-bundle.css   See all issues in this file

```
308  por1…      display: none;
309             }
310             /* Navigation font start */
311             .swiper-button-prev:after,
312             .swiper-button-next:after {
313               font-family: swiper-icons;
```

🐞 **Unexpected missing generic font family**

```
314               font-size: var(--swiper-navigation-size);
315               text-transform: none !important;
316               letter-spacing: 0;
317               font-variant: initial;
318               line-height: 1;
319             }
320             .swiper-button-prev:after,
321             .swiper-rtl .swiper-button-next:after {
322               content: 'prev';
```

```

🐞 **Unexpected missing generic font family**

```
728  por1…        font-size: 16px;
729           font-weight: 400;
730           line-height: 24px;
731           padding: 10px 36px 10px 62px;
732           margin: 8px 0;
733           display: block;
734  por1…
735  por1…        @media (min-width: 992px) {
736               display: flex;
```

Unexpected duplicate "justify-content"

Unexpected duplicate "padding"

2) Security Hotspots.

Remove this "===" check; it will always be false. Did you mean to use "=="?

The return value of "getTime" must be used.

Expected an assignment or function call and instead saw an expression.
